DESCRIPTION

Historic red veined marble, coming from the quarry located in Val Brembana, which we have owned for generations. The color of this very particular marble can vary from red, white to light grey. The particular veining together with the color of this marble allows for open stain constructions that create splendid choreographies. The red orobico arabesque is a marble which, due to its brilliance and lucidity, lends itself well to use in interior furnishings (floors, coverings, walls, bathroom tops, kitchen tops, stairs) and is also successfully used in environments external. The orobic arabesque can be presented as raw, sandblasted, brushed sandblasted, only brushed (also called antiqued), brushed, striped and polished.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet

SCS: *Stone Care System highly recommended for a longer duration.*
