Marble extracted in Italy with a brown background. Light white veins cross the slab in an irregular manner. The various shades of brown alternate, contributing, together with the grain, to the uniqueness of each creation. The hardness of New Flage and its resistance to thermal shock make this material an excellent choice for internal creations such as floors or wall coverings.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet

SCS: *Stone Care System highly recommended for a longer duration.*
