Marble from southern Spain, mainly extracted between Murcia and Alicante. This material is able to take on different shades depending on the quantity of calcite present, which is why the main colour, brown, can be seen in its many tones. A network of hazelnut-coloured and golden-tinged veins embellishes the slabs, giving uniqueness to each creation. Its contemporary style and its robustness make this marble a first choice for designers who intend to furnish interior and exterior environments with personality.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet

SCS: *Stone Care System highly recommended for a longer duration.*
