DESCRIPTION

Marble extracted in Italy with dark tones: the dark grey, almost black background is contrasted by irregular white veins which create a strong but at the same time delicate contrast. Grigio Carnico is a naturally very compact material which therefore lends itself to various types of internal and external creations. Strongly recommended in a glossy finish, it is able to shine and illuminate the surrounding environment, creating magnificent compositions if laid open-match.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet

SCS: Stone Care System highly recommended for a longer duration.
