DESCRIPTION

Onice Bubble stands out for its intense orange background, characterised by a cloud-like effect that creates depth and movement. Lighter shades and delicate white veining flow across the surface, giving the material a distinctive character and contemporary appeal. With a medium level of compactness, it offers good resistance to impacts and temperature fluctuations. It is particularly well suited to interior applications, where it can be used for wall cladding, flooring, decorative elements and bespoke interior details.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet

SCS: *Stone Care System highly recommended for a longer duration.*
