DESCRIPTION

Italian marble extracted in Tuscany, much appreciated for its uniform cream/ivory colored background with golden and brown veins and shades. Ideal for interior and elegant projects, Cremo Delicato is a natural stone that is appreciated for its warmth and the brightness that it is able to transmit to the environment around it. Belonging to the marble category, we can consider it a particularly compact material, resistant to wear and thermal shock.

Applications: claddings, floor tiles

Finishing: Brushed, Honed, Sandblasted

SCS: Stone Care System highly recommended for a longer duration.
