Pierre Blue

Stone • 300 x 155 x 2 cm

TECHNICAL INFORMATION

Sizes: **300 x 155 cm**
Thickness: **2 cm**
Applied finishing: **Honed**
Cod: **I6080**
Type: **Stone**
Origin: **Europe**
Color: **Grey**
Prices range: **Middle**

DESCRIPTION

Pierre Blue, also called Belgian Blue Stone, is a stone of natural origin extracted mainly in Belgium as the name of this elegant and fascinating material also suggests. Its primary color is certainly dark grey, which can sometimes vary in tone, approaching blue and black. Despite not having undergone the metamorphosis process typical of marble, Pierre Blue can boast resistance, compactness and resistance to bad weather. Thanks to these characteristics, it is used in external constructions such as wall coverings and floors, but also internal constructions such as bathrooms and kitchens.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet
