DESCRIPTION

Very precious green onyx from the Middle East. The various shades, always on the green graduation, make each creation different from the previous one. Its cloudy shape is sometimes interrupted by thin orange veins which represent a distinctive characteristic of this material. Since Green Onice is a naturally delicate material, it is recommended for use in internal environments and with a glossy finish.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet
