

TECHNICAL INFORMATION

Measures: **270 x 195 cm**
Thickness: **2 cm**
Applied finishing: **Brushed**
Cod: **I3901**
Type: **Marble**
Origin: **Vietnam**
Color: **White**
Prices range: **Primary**

DESCRIPTION

Vietnam White is a marble quarried in Vietnam, characterized by a calcitic matrix with fine to medium-coarse grain and a homogeneous crystalline structure, whose brightness varies according to crystal size. The material features a pure white color, with subtle natural nuances typical of metamorphic formation. Thanks to its aesthetic qualities and good workability, it is particularly suitable for high-end interior applications such as flooring, cladding, furnishings, and architectural surfaces in elegant and contemporary environments.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Polished, Sandblasted, Waterjet

SCS: *Stone Care System highly recommended for a longer duration.*
