Montblanc

Quartzite • 295 x 170 x 3 cm

TECHNICAL INFORMATION

Sizes: **295 x 170 cm**
Thickness: **3 cm**
Applied finishing: **Polished**
Cod: **MS0599**
Type: **Quartzite**
Origin: **Africa**
Color: **White**
Prices range: **Middle**

DESCRIPTION

Montblanc is an African dolomite characterized by a compact white background and a homogeneous crystalline texture. Its surface is crossed by dark, fine, linear veining that creates a subtle yet distinctive pattern, giving each slab a consistently unique aesthetic identity. The combination of its light coloration and the moderate contrast of its mineral structures makes Montblanc a highly refined natural stone, ideal for high-end architectural applications. Thanks to its dolomitic composition, it offers reliable performance in terms of resistance and dimensional stability, making it suitable for cladding, flooring, and decorative surfaces that require elegance, brightness, and a high-quality finish.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet
