DESCRIPTION

Sourced from the mineral and rich lands of Iran, Honey Onyx stands out for its warm tones of yellow and ochre, gently blended like clouds of light within the stone. Its surface, rich in transparency and graceful veining, reflects a natural brightness that brings warmth and depth to any interior space. Primarily used indoors, this onyx combines the elegance of natural stone with the durability characteristic of high-quality materials. Thanks to its translucent nature, Honey Onyx reveals its most captivating charm when backlit: light flows through the stone, enhancing its harmonious crystalline shades and creating unique, evocative atmospheres where design meets the poetry of nature.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops
