

TECHNICAL INFORMATION

Measures: **335 x 200 cm**
Thickness: **3 cm**
Applied finishing: **Polished**
Cod: **I5268**
Type: **Quartzite**
Origin: **Brazil**
Color: **Green**
Prices range: **Elite**

DESCRIPTION

Natura is a natural stone belonging to the quartzite family, quarried in Brazil. It stands out for its elegant and varied color palette, ranging from green to white and warm bronze tones, giving the surface depth and a strong material character. Thanks to its high density and compact structure, Natura offers excellent technical performance: it is resistant to impact, wear, and atmospheric agents, making it suitable for both indoor and outdoor applications. Natura quartzite is particularly recommended for cladding, flooring, worktops, staircases, and architectural surfaces, where natural aesthetics and technical reliability must coexist in perfect balance.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet

SCS: *Stone Care System highly recommended for a longer duration.*
