DESCRIPTION

Prestigious fine-grained marble extracted in the French Alps. The depth of its dominant color, dark blue tending towards black, makes the slabs made from this material fascinating and complexly elegant. The slabs can be crossed by gray veins of different thicknesses capable of making any creation unique. Being a metamorphic rock, it is very resistant to the main wear factors such as trampling or temperature changes.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet

SCS: *Stone Care System highly recommended for a longer duration.*
