DESCRIPTION

Cream/grey Brazilian quartzite, enriched by irregular darker veins tending towards brown that give dynamism to the slabs. The cloudy structure of this natural stone, the clear appearance and the ability to reflect light, are just some of the reasons that make Victoria Falls a first choice for building professionals. Used for the creation of elegant and refined environments, thanks to its compactness it is also an excellent choice for the construction of outdoor environments.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet
