Thickness: **2 cm**
Applied finishing: **Polished**
Cod: **vr9185**
Type: **Onyx**
Origin: **Iran**
Color: **Brown**
Prices range: **Premium**

DESCRIPTION

Onyx from Iran with dark but brilliant tones: brown spots cross the beige/cream slabs giving life to ever-changing and original figures. This translucent material expresses all its splendor once backlit, in creations such as wall coverings or floors. The open-match installation is highly recommended if you intend to enrich the environment with figures capable of leaving anyone who looks at them speechless. Onyx Titanium is a material of medium hardness and compactness, with good resistance to impacts and thermal changes. It is recommended to use it in a glossy finish for interior environments.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet

SCS: *Stone Care System highly recommended for a longer duration.*
