DESCRIPTION

Brazilian calcite with a very bright light blue/blue background, crossed by beige, white and sometimes dark veins. The result is a natural stone sought after for its elegance and versatility. In addition to the harmony created by the alternation of these colors, Iceberg blue has a cloudy and crystalline structure. The compactness and resistance to shocks and thermal changes make this calcite one of the most sought after for the creation of building projects such as floors and vertical coverings. Recommended in a polished or smooth finish.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet

SCS: *Stone Care System highly recommended for a longer duration.*
