DESCRIPTION

This quartzite, quarried from the depths of Brazil, reveals a vivid, magnetic green crossed by sinuous veins in shades of black and brown—mineral threads sculpted by time itself. Its compact structure, the result of a slow metamorphic process, endows the stone with remarkable hardness and exceptional resistance to impact, weathering, and thermal fluctuations. A perfect synthesis of natural beauty and material strength, this quartzite lends itself with effortless elegance to both interior and exterior applications, preserving over time its radiant sheen and untamed soul.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet

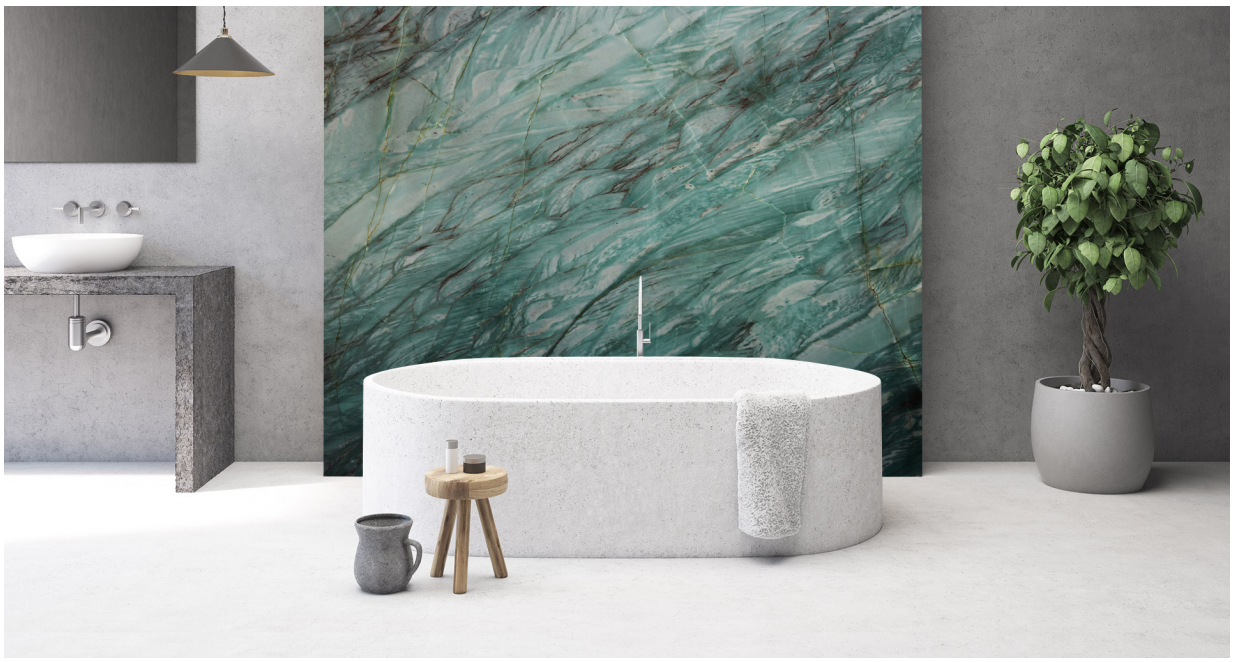

SCS: *Stone Care System highly recommended for a longer duration.*
