DESCRIPTION

Fine-grained quartzite from South Africa. Its intense black background is enriched by irregular white-golden veins that cross the slabs, giving professionals in the sector the opportunity to create wonderful open-book compositions. This material is among the hardest and most resistant quartzites, used for the creation of wall coverings, internal floors but also external design projects and decorations.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet
