DESCRIPTION

Spanish marble belonging to the Emperador family, characterized by a light brown chromatic base with subtle beige undertones. The lithological structure exhibits a compact and homogeneous texture, enriched by irregular white calcitic veining. This natural stone features high density and good mechanical resistance, making it suitable for interior applications as well as installations subject to moderate surface stress. Its elegant and understated aesthetic provides the material with a distinctive decorative value.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet

SCS: *Stone Care System highly recommended for a longer duration.*
