Chantilly

Quartzite • 340 x 195 x 3 cm

TECHNICAL INFORMATION

Sizes: **340 x 195 cm**
Thickness: **3 cm**
Applied finishing: **Polished**
Cod: **bg17873**
Type: **Quartzite**
Origin: **Brazil**
Color: **Cream**
Prices range: **Premium**

DESCRIPTION

This Brazilian quartzite is characterized by a creamy white background and thin black veins that cross the slab horizontally in an irregular manner, thus making each creation unique. Its tones, delicate and harmonious overall, are ideal for elegantly furnishing large and refined environments. Being a metamorphic rock consisting mainly of quartz, the result is a stone naturally resistant to abrasion, temperature changes and pollution. These characteristics make Chantilly Quartzite a material requested and used for interior and exterior constructions.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet
