DESCRIPTION

Quarried from the heart of Brazil, this quartzite embodies the authentic elegance of natural stone and the enduring strength of time. Its surface displays a refined, uniform background in shades of white and grey, gently crossed by subtle dark veins that flow like delicate threads, adding depth and movement to every slab. Renowned for its hardness, typical of quartzites, it offers exceptional resistance to wear and weathering, making it a versatile choice for both interior and exterior applications. Each slab is a unique fragment of nature, capable of transforming architectural spaces and design surfaces into compositions of balance and character—where technology and natural beauty coexist in perfect harmony.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet
