DESCRIPTION

Onice Arco Iris is a premium onyx of Iranian origin, characterized by an extraordinary combination of golden tones and delicate white shades that intertwine in irregular circular patterns. These soft, dynamic veins create a unique visual effect, making each slab one of a kind and highly expressive. The translucent nature of the material enhances its chromatic depth, especially when combined with natural light or backlighting, giving interiors a warm, enveloping atmosphere with a strong scenic impact. Thanks to its luminosity and rich decorative appeal, Onice Arco Iris is particularly well suited for the creation of spacious and refined interior environments.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Polished
