DESCRIPTION

Laguna Bay is a quartzite of extraordinary aesthetic character, distinguished by an intense emerald-green background crossed by sinuous white veining that creates deep dark-green nuances. A defining feature of this natural stone is the inherent dynamism of its patterns, which recalls the fluid movement of waves. Its excellent physical properties facilitate processing and ensure high performance over time: Laguna Bay is suitable for the creation of kitchen and bathroom countertops, flooring, stairs, and wall cladding, enhancing residential and contract spaces with distinctive, contemporary elegance.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet
