DESCRIPTION

French marble with an intense black color crossed by irregular white veins. The antithesis between the black background and the white intrusions creates an optical effect that hardly goes unnoticed. Used since ancient times for the construction of noble palaces and historic monuments, Grand Antique is a hard material that is particularly resistant to wear and atmospheric agents. For this reason, it is used in external and internal environments, such as floors, kitchens, wall coverings or often combined with veined white marbles in checkerboard floors.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet

SCS: *Stone Care System highly recommended for a longer duration.*
