Zumaya Blue

Quartzite • 305 x 200 x 2 cm

TECHNICAL INFORMATION

Sizes: **305 x 200 cm**
Thickness: **2 cm**
Applied finishing: **Polished**
Cod: **vr9911**
Type: **Quartzite**
Origin: **Brazil**
Color: **Blue**
Prices range: **Premium**

DESCRIPTION

Zumaya Blue is a natural quartzite of Brazilian origin, characterized by a compact metamorphic structure and a medium-fine crystalline texture. It features a heterogeneous color palette with predominant blue tones, interspersed with grey and pink veining and shading, resulting from the presence of mineral oxides and various inclusions. From a technical standpoint, it stands out for its high hardness, low porosity, and excellent resistance to abrasion, household chemicals, and thermal shock. These properties make it suitable for both indoor and outdoor applications, ensuring long-term durability and stability.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet

SCS: *Stone Care System highly recommended for a longer duration.*
