DESCRIPTION

White Eve is a natural quartzite of Brazilian origin, characterized by a bright and refined aesthetic. It features a pure grey background, sometimes crystalline or slightly translucent, enriched with subtle and irregular veining that recalls the elegance of marble, while maintaining the superior performance typical of quartzite. From a technical standpoint, it stands out for its high hardness and compactness, making it highly resistant to scratches, abrasion, and wear over time. Its low porosity ensures excellent resistance to stains and chemical agents, including acids commonly found in domestic environments. White Eve represents an ideal solution for projects that require a perfect balance between sophisticated aesthetics and high technical performance, ensuring durability, ease of maintenance, and a visually elegant impact.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet
