DESCRIPTION

Cianita Blue is a natural quartzite of Brazilian origin with an intense and sophisticated appeal. Its dark blue background is crossed by medium-sized white veins, irregular and dynamic, creating a unique and unpredictable pattern. The result is a striking surface that captures attention while conveying depth and elegance. Thanks to its excellent technical properties, Cianita Blue offers high resistance to impacts, acidic substances, and high temperatures. These qualities make it an ideal solution for a wide range of applications, both indoors and outdoors, combining aesthetics with durability.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet

SCS: *Stone Care System highly recommended for a longer duration.*
