

TECHNICAL INFORMATION

Measures: **335 x 205 cm**
Thickness: **2 cm**
Applied finishing: **Honed**
Cod: **BG18477**
Type: **Quartzite**
Origin: **Brazil**
Color: **White**
Prices range: **Middle**

DESCRIPTION

Poseidon is a Brazilian quartzite characterized by a light-colored background, enhanced by frequent and delicate veining in shades of grey, green, and blue. Its structure features a balanced and uniform distribution of mineral inclusions, contributing to a refined and consistent aesthetic. From a technical standpoint, Poseidon quartzite offers excellent mechanical properties and high durability, with strong resistance to abrasion, impact, and thermal shock. Its low porosity ensures good resistance to staining and chemical agents when properly treated.

Applications: claddings, floor tiles, kitchen and bathroom vanity tops

Finishing: Brushed, Bushhammered, Flamed, Honed, Polished, Sandblasted, Waterjet, Waterjet brushed
